Multi-Purpose Combination Towel / Waste Receptacles

- Code 422A:** Stainless steel type 304, Recessed 4"
Code 422C: Stainless steel type 304, Surface Mounted
Code 427: Stainless steel type 304, Recessed 4" (comes with large waste receptacle)

Specifications:

Site Location: Semi recessed combination dispenser / waste receptacle can be mounted into any wall configuration requiring a minimum of 4" depth.

Materials / Features: Cabinet door hinged with full length stainless piano hinge and is secured with keyed tumbler lock. Designed to dispense 500 multifold towels. All stainless welded construction with locking removable waste bin. Semi recessed design provides large capacity receptacle with minimum space. Code 427 provides extra large waste capacity. Waste receptacle is completely removable for convenient maintenance. Comes with standard bag holder apparatus. Recessed wall body and waste container are 22 gauge stainless steel type 304 No. 4 brushed finish.

Capacities: **Code 422A:** 11 gal. (50 litres), shipping weight: 50 lbs. (22.6kg.) **Code 422C:** 11 gal. (50 litres), shipping weight: 58 lbs. (26.3kg.) **Code 427:** 15 gal. (68 litres), shipping weight: 59 lbs. (26.6 kg.)

Installation: Provide wall opening 54-1/2" (138.9) H x 16" (40.6) W x 4" (10.2) D. Mount recessed frame first (drill holes as required), then insert waste bin using bracket provided. For barrier free mounting insure that bottom of door does not exceed 48" (120 cm) above floor level.
